

Bus Parking

Our mountainside Zoo cannot accommodate oversized vehicle parking. This includes all buses that take up more than one parking space.

Off-site parking:

You may park in our unstaffed off-site parking lot during your Zoo visit. This lot is 5 miles from the Zoo, at 1232 South 21st Street (formerly Bear Creek Bowling Lanes). See reverse for map. **You are responsible for transportation from/to off-site parking (for example: Uber/Lyft or taxi service).**

Ticketing:

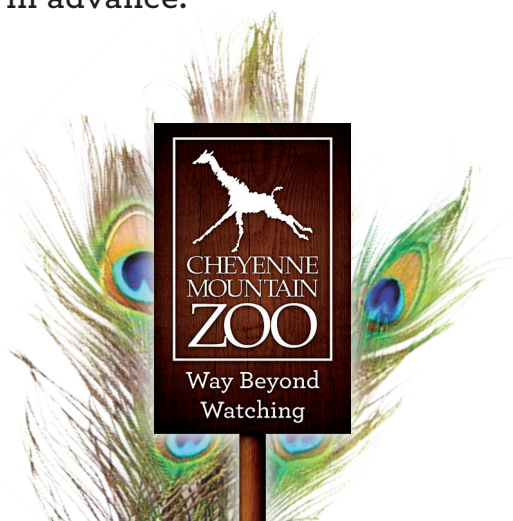

We will accommodate late entry for drivers who parked off-site. **Advance timed e-tickets are required for all Zoo guests, including bus drivers.** Zoo capacity is limited and may sell out in advance.

Drop-off/pick-up entry:

To reach the drop-off and pick-up area, drive through the automatic gate arm that reads **“Employees and Buses Only”**. This will allow you to exit the parking lot without having to back up your bus.

When to arrive:

For drop-offs, arrive promptly at your timed entry time. For pick-ups, arrive promptly at an agreed-upon time. Our lot does not have room for oversized vehicles to pass one another, so early arrivals could bottleneck the drop-off/pick-up area and delay your departure.

We appreciate your cooperation!
